CHANGE DRAWING HOURS

Emergency drawing for the Hancock County Blood Bank scheduled next Thursday at the American Legion Home will be between the hours of 12 noon and 6 p.m. rather than the time previously announced. Chairman John D. Rutherford, Jr., reports.

SEEK FIRST AID PUPILS

Registration for the Red Cross sponsored first aid course to be conducted from 7:30 to 8:30 p.m. Mondays upstairs in the L and N depot will continue this coming Monday night. Only two persons signed up the first night and unless more enroll the course cannot be offered, according to Mrs. K. W. Peppard, local ARC secretary.

DISASTER SURVEY

Gus Stein of the American Red Cross regional office in Atlanta, Ga., has been here to conduct a disaster survey, estimating cost of aid should the Red Cross be called for help here. Similar surveys are made every few years.

DELIVER TOWN BONDS

Waveland's Mayor Garfield Lader, Clerk C. O. Dufour and Attorney Dan M. Russell, Jr., left yesterday for Memphis to deliver \$521,000 in bonds to M. A. Saunders Co., which contracted to purchase the revenue bonds on May 9 at an average interest rate of 4 1/2 per cent. Proceeds from the bond sale will be used to finance the current improvements to the water system and to retire next year \$321,000 in other bonds secured by the water and gas systems.

SEEK PLUMBING CODE

Hancock County Plumbers Assn. Monday night approved a proposed plumbing code which it hopes Bay St. Louis, Waveland and Hancock County will adopt. Already the association has requested a hearing on the matter before Bay St. Louis' Commission Council but no date has been set.

ROAD BUILDING RECORD

With nearly \$6 million in state aid road contracts awarded in June the fiscal year's total amounted to \$23.5 million, a new record. The 32 projects included 649 miles of bituminous surfacing, 203 miles of grading, drainage and gravel surface and 250 miles of resurfacing.

TRAFFIC GAINS

Traffic on the state highway system in 1962 rose more than five per cent, according to Highway Commissioner John D. Smith. This is two per cent more than the average increase of three per cent in recent years.

A record \$439,489 budget for the Bay St. Louis Municipal Separate School District is scheduled for school board approval tonight. The trustees went over the budget at their meeting Monday night, but delayed formal ratification until inclusion of a \$9,000 item for capital improvement could be checked with the state education finance commission.

The 1963-64 budget is \$59,614 larger than last year's with the state paying \$34,335 of the increase and \$25,279 having to be raised by local ad valorem taxes. This would indicate a 2 1/2 mill increase in school taxes from the district, making the levy for that purpose 24 mills. Even with the increase the city's system would be supported by one less mill than the 25 mills the other coast and neighboring cities levy.

In presenting the proposed budget, which was \$11,600 less than that tentatively approved by the board of trustees, Superintendent Joe D. McCulloch said "I have made it as conservative as possible in endeavoring to hold

this millage down. It's just what we're faced with now. I don't know what will come up in September.

He explained that any major increase in enrollment would require additional teachers, pay for whom is not included in the budget.

The \$11,600 increase put in the budget by the trustees will provide \$2,000 for hiring substitute teachers, and \$9,600 for capital improvements.

In the past the cost of providing a substitute teacher has been borne by the teacher absent. Earlier this year the board asked McCulloch to look into this matter and come up with some plan whereby for the first few days of a teacher's unavoidable absence the cost would be borne by the school system. McCulloch expects to have the rules governing use of this fund for submission to the board at its August meeting.

Cost of teachers from local (district) funds for the coming year is up \$11,105, \$8,605 being for salaries and \$2,500 for social security and retirement expenses. This is the result of the state increasing the range of teacher pay from \$3,400 minimum and \$4,300 maximum to \$3,500 and \$4,600 respectively for unit teachers which increase the non-unit teachers are paid by district funds and the increase in the cost of social security. In addition the system will employ

Politicos busy

Johnson, J.P.'s brother due

With Paul B. Johnson, Hancock County governor and gubernatorial candidate, scheduled to speak at the town hall in Waveland Monday night, and Boyce Coleman, brother of J. P. Coleman, another aspirant for governor, listed to speak on the candidate's behalf Tuesday night at the county Courthouse, political activity in the area is expected to pick up as the Aug. 6 primary election date approaches.

Waveland's Mayor Garfield Lader will introduce Johnson but at press time plans for the Coleman rally were not known by the Echo.

Johnson's appearance in Waveland will be his second in Hancock County in two weeks. (Cont. on Page 7.)

RUNS FOR SHERIFF - W. A. (Fred) Curet who lost in the run-off primary four years ago is making formal announcement this week of his candidacy for sheriff and tax collector. A former member of the state highway patrol he is now in the paving business.

Waveland water well bids OK'ed

Two bids totaling \$28,410 by C. T. Switzer Well Co., Biloxi, the only bidder, for construction of the deep well for Waveland's water system improvement was accepted by the mayor and board of aldermen last Friday night.

This was \$1,240 less than the rejected lowest bid, also by Switzer, received last month, when the bid of \$121,714.05 by Magnolia Construction Co., Inc., Baton Rouge, for installation of the water mains was accepted.

One bid was for the well itself and amounted to \$16,940 and the other, for the above-ground installation, including the pump, was \$11,470. Under the terms of the proposals, the work is to be completed within 90 working days after receipt of the work order, which should be ready in about a week. T. L. Van Fossen, resident engineer of Barnard and Burk of Mississippi, Gulfport, represented the engineers at the meeting.

\$18 million contract at MTO is awarded

Biggest single contract yet awarded for Mississippi Test Operations went to Aetron, a division of Aerojet General Corp., Covina, Calif., for certain instrumentation systems at the NASA installations.

Announcement of the

\$18,254,800 contract was made this week by MTO headquarters at Gainesville. Until then work under contract for the static test operation ran around \$12 million.

Aetron will design, furnish and install instrumentation for a control center, data acquisition facility, data handling center and a test stand which will be used for static firing for the second (S-11) stage of the Saturn V rocket, the Apollo moon rocket. In addition, Aetron will do preliminary design on some other elements of the instrumentation system. Contracts for the provision and installation of these other elements will be awarded at a later date.

In general terms, purpose of the instrumentation system is to collect, transmit and convert to usable form the large volume of test data which will result from the captive firing of rocket engines and stages. Aetron will sub-contract a part of this work—amounting to about \$1,500,000—to Sverdrup and Parcel and Assoc. of St. Louis.

Most of the "hardware" will be bought by Aetron from other firms through competitive bidding. This is also the case on (Cont. on Page 6.)

To study widening Main, more zone changes asked

Bay St. Louis' Commission Council voted Monday to employ an engineer to make preliminary plans and cost estimates for widening Main Street from Toulouse Street to the beach. It also asked Don M. Russell, Jr., city attorney, to prepare the legal forms for obtaining the easements needed to do the widening.

The action was taken after a delegation of the Citizens' Development and Expansion Association appeared before council and presented a motion adopted by the civic group urging their action. Members of the delegation were Mrs. Joseph Kern,

Mrs. Gordon Gleim and Earl Remond.

Also Monday Rev. John Coody, representing St. Augustine Seminary, requested council to change the classification of some seminary property on U. S. 90 in the proposed zoning ordinance from R-3 to B-2. The father said long range plans of the provincial called for the building of a retreat on the south side of the highway and possibly a super-market on the north side.

Also in connection with zoning attorney Russell pointed out that property he owns in the Cedar Point area under the present (Cont. on Page 12.)

CROWDS FLOCK TO LEGION FAIR OVER HOLIDAY FOURTH

Reject bids on Beat 3 road project

Bids on the 3.431 mile federal-aid Rocky Hill Road project in Beat 3 were rejected as too high by the board of supervisors Tuesday afternoon in a 25-minute executive session. The job will now be re-advertised and new bid opening set for 2 p.m. Tuesday, Aug. 13.

One of the three opened bids was \$158,615.45 from W. R. Construction Co. of Bay St. Louis, represented by Arthur D. Johnson. The figure was some 16 per cent over the state Highway Department estimate of the project which was \$136,819.

Others bidding were Necaise and Panton, Inc., of Gulfport at \$164,864.32 and H. E. Wilson Construction Co. of Long Beach, \$165,488.19.

State highway representatives noted for the bid opening noted that Wilson was the only one of three firms qualified to do the job with the state department as provided by law. However, since this job involved a lot of money it was indicated that a qualification was not a rule. This question did not have to be ruled on, as it turned out, all three bids were thrown out as too high.

Motion to reject was by Beat 3 Supervisor Charles Lavinghouse, second by H. G. Dean of Beat 1. Lavinghouse then moved to advertise the project.

After the highway officials had checked out bid figures the board went into executive session and called in Johnson. When he left the chamber about 15 minutes later he told the Echo the board had agreed to his qualifications to carry out the contract (Cont. on Page 7.)

SIDELINED - A wistful scene at American Legion Fourth of July fair was young Philip Gayout, temporarily de-activated with severely cut foot.

Create county anti-skeeter body, special levy asked

Creation of a Hancock County Mosquito Control Commission was authorized by the board of supervisors Tuesday but the question of where to hold the meeting the hungry pests remains in doubt.

B. U. Jones, chief of community relations at NASA's Mis-

issippi Test Operations, appeared with County Agent O. O. Swords and Wayne Alliston, sanitation officer, to ask the board to proceed along the same line Harrison and Jackson Counties already have in establishing a commission. (Cont. on Page 7.)

Mid-year construction report

Bay busy building homes

Home building composed the largest construction activity in Bay St. Louis for the first half of 1963 and if the year keeps on like this, a new record will be established.

Figures from the office of Bay St. Louis' Commissioner J. Cyril Jones show 76 building permits

issued through June 29 on work valued at \$283,295.

Of that total 34 permits were for residences at a cost of \$185,000. In all of 1962 only 54 new residences were authorized and for the first six months of last year 60 construction permits totaled \$183,328.43. The over-all figure to date is well ahead of the 1961 total of \$253,610 and close to that for the year 1960 when permits totaled \$191,479.50. It's still only about one-quarter the size of the 1959 total of \$1,156,207 which included several institutional buildings such as the new Hancock General Hospital, North Bay Elementary School, Our Lady of the Gulf Parish School and the like.

Permits issued up to July for new residences include Frank J. Corso, North Beach; Maurice

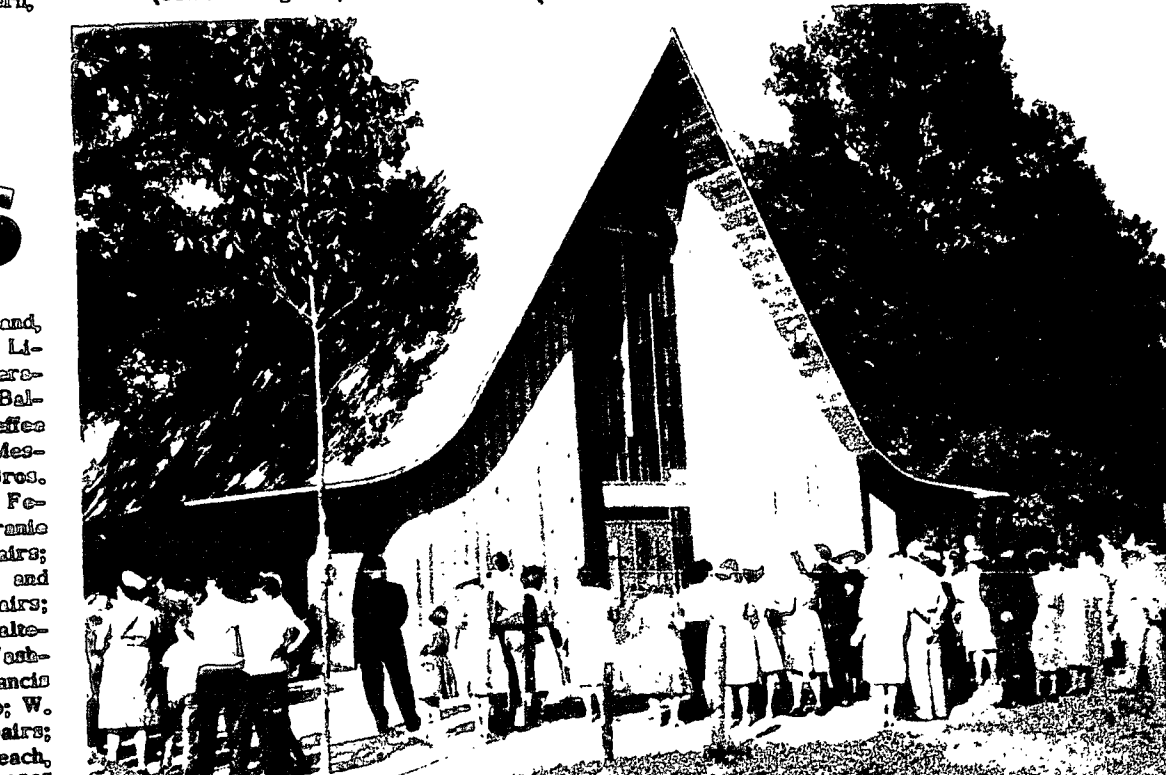

Arduques, St. George; Fred Herlihy, deMontuzin; Roger Helzmann, two in Graham Heights; Frank Hille, Highland Drive; Lilian Barthe, Watts Street; Earl Ramond, Dunbar Avenue; Mrs. Elsie DeRoche, Ballentine Street; John McDonald, four-unit apartment, three residences on Hancock Drive, one on Hancock and six at Dunbar and Neelbes; H. S. Kimbrough, guest house on H. S. Kimbrough; John Middleton, North Beach; John Middleton, Dogwood Road; Clarence Schindler, Hancock Avenue; J. Browne Construction Co., Chalcedon Terrace; Henry A. John D. Smith, Highway Commissioner will also speak, as well as gubernatorial candidates, state and local politicians, Burton (Pip) Johnson will be master of ceremonies and bring his well known Country Boys hill billy band. Local talent will include Oris Ladner, Melvin Lush, Victor Green and Ivy Ladner, members of the Gulfview co-op club will sell delicious food at reasonable prices. A shooting match will be held in the afternoon and speaking will go on morning and evening.

Miss Marjorie Garcia of Clermont sends get well wishes to her grandmother, Mrs. George Powers of Lakeshore.

The Fourth turned out quite

enjoyable for our family. The beautiful flag I bought at the Echo office hung from our porch all day. My nephew, Edward Strickland drove over from Chalmette with his wife, Joanne, son Mark, brother Lemmie and my son Irvin. We had delicious barbecued chicken over real hickory wood given to me by Mr. Dube of the Old Spanish Trail. The girls Louisa and Sandy, returned to town for another visit letting me keep the boys for some yard cleaning.

Get well wishes to Mrs. Margie Kemp of Clermont Harbor who was hospitalized after a fall on July 4 out at Bay Side Country Club. Also to Mrs. Frank Quintana who is in Hancock General due to a fall.

Mrs. Myra Ann Sager and children are visiting her parents, Mr. and Mrs. Oren Seal, while her husband is attending school.

John and Dot Weathers have had John's mother Mrs. Weathers of Mobile as a house guest. Mr. and Mrs. Marvin May and can have been here from Florida for a visit with Gloria's folks, Chick and Ruth LaFontaine. Chick gave his annual thank you barbecue for his customers on the Fourth and several hundred attended.

Welcome back home to Juanita LaFontaine Shiyou. She and her baby are living in their new home next to her parents, Mr. and Mrs. Rufus LaFontaine, since Mr. Shiyou was transferred to Japan.

Oris and June Ladner now own our two purebred sows, Lady Bird and Liza Jane. They are going into the hog business, while Malcolm is going to fulfill his life's ambition to raise frogs.

Mrs. Jack Debeport took me on a tour of the new St. John's Catholic Church the other day. It is just too beautiful to describe. Several hundred attended the dedication this Sunday.

Get well wishes to Claiborne Ladner who is ill in Veterans Administration Hospital at Biloxi.

Corvair 700 Club Coupe

The hardest part about parking a Corvair is finding a nickel

That may be a slight overstatement, but such jauntiness comes easily when you're a Corvair owner.

And you can usually back it up—as easily as you can back up a Corvair. You'll find yourself doing that occasionally, if only to adjust the brakes—they're self-adjusting. That's all there is to it, and that's a good example of how delightfully easy Corvair is to own, drive and maintain.

But since we began by talking about driving, let's stick with that awhile. A large factor in the fun of driving a Corvair is the location of its engine in

the rear. Why the rear? It gives Corvair extra traction on any road surface. It provides a nearly flat floor for more useable interior space. Best of all, it produces steering so light, so responsive, you wonder why no other American-made car thought of it.

Corvair's engine is also air cooled, we might add, which means there's no anti-freeze or water for you to add. Ever.

All that pleasure from something so practical almost makes you think Corvair is unique among American cars. Which isn't surprising, because it is!

Geraldine Bourgeois wed to Mr. Casabat Saturday

At a nuptial mass Saturday morning at St. Clare's Catholic Church, Waveland, Miss Geraldine Marie Bourgeois, daughter of Mr. and Mrs. Wallace J. Bourgeois, became the bride of James Anthony Casabat, son of Mr. and Mrs. A. Edward Casabat of New Orleans. Rev. John T. O'Brien, pastor, officiated at the double-ring ceremony. Traditional music was provided by Mrs. Marie Bortages, organist.

The bride was given in marriage by her father. Her sister, Miss Grace Ann Bourgeois, was maid of honor. Bridesmaids were Misses Carleen Fehrenbach of New Orleans, cousin of the bride, and Marie Dajon of Des Moines, La.

Henry Fadden of New Orleans was best man. Groomsmen were Charles Williams of Lafayette, La., and Sheldon Fernandez of New Orleans. Joseph Bourgeois, brother of the bride, and Joseph Trapani of New Orleans were ushers.

Mr. and Mrs. Bourgeois celebrated afterwards with a reception in the parish hall. The bride's table was covered with a white imported crepe cloth and centered with a four-tiered cake trimmed with sugar spun bells and swans and topped with a miniature bride and groom. Silver candelabras flanked the cake. Mrs. Carl Fehrenbach, aunt of the bride, served the cake and Mrs. John Cucurullo, another aunt, presided at the punch bowl.

After a wedding trip to New York City the couple will reside in New Orleans where both have positions.

Among out of town guests here for the occasion were Mr. and Mrs. Carl Fehrenbach, Mr. and Mrs. John Cucurullo, Mr. and Mrs. Maurice Cucurullo, Mr. and Mrs. Anthony Rossi and sons, Mr. and Mrs. Jerry Wheat and son, Mr. and Mrs. Savio and children, Mr. and Mrs. Robert Procheta, Mr. and Mrs. Edward Casabat, Mr. and Mrs. George Bourgeois, Mrs. H. A. Hacsunda and children and Fred Taylor, all of New Orleans; Mr. and Mrs. Richard Bourgeois of Charleston, S.C., and Mrs. Marie Patterson and children of Memphis, Tenn.

Among pre-nuptial parties for the couple was one given by Fred Taylor at the Royal Orleans Hotel. Members of the office staff of the Geophysical Trade Service where the bride is employed, were guests.

City Echoes

Mr. and Mrs. Lawrence Krumenberger and two sons, Greg and Drew, are here from Millington, N. J., for a two-week visit with her parents, Mayor and Mrs. John A. Scalfide. Mr. Krumenberger is a chemical engineer with Standard Oil.

Here from New Orleans for the Fourth festivities were Mr. and Mrs. Ralph Christman, Jr., and six children, Charlotte, Chris, John, Greg, Jamie and baby, Mister Willie. They were guests of Mrs. Christman's mother, Mrs. John Green, and her uncle and aunt, Mr. and Mrs. Waldo Otis. Also joining the group was Waldo Otis, Jr., who is attending the summer session at Tulane University.

Mrs. J. Cyril Glover has been a patient at Hancock General Hospital for the last week.

Visitors during the holiday period of Mr. and Mrs. Hugo Satterlee were Mrs. Carlo Bianca and daughters, Prima and Cava of Las Vegas, Nev.; Mr. and Mrs. Gerald Satterlee and family of Chalmers, La.; Mr. and Mrs. Glenn Goppen and son, Shawn, of Baton Rouge; Mr. and Mrs. Milton March, Debbie, Cynthia and two friends, Bruce Bessard and Dorsey Atkins of New Orleans, La.; Dr. and Mrs. Cefahi of New Orleans; Mrs. Irene LeBon and Mrs. Royce Henry of New Orleans; and Mrs. Lorena Michel and children.

Mr. and Mrs. Hugo Satterlee welcomed their eighth grandchild, and eight-and-one-half pound daughter, born to Mr. and Mrs. Justin Ose of New Orleans, on July 6.

Mr. and Mrs. E. J. Arceneaux arrived home Friday after a visit with their son-in-law and daughter, Mr. and Mrs. Ric Gane in Kenosha, Wis. Mr. Arceneaux accompanied a group into Canada where they fished and enjoyed the scenery. Mr. and Mrs. Arceneaux traveled by car and their speedometer showed a 3,755 mile trip.

Mrs. George Campbell and son, John, an daughter, Kit, left Monday for a visit in their former home, Terre Haute, Ind. John will enroll this fall at the University of Southern Mississippi.

Mr. and Mrs. Harold Cook of Athol Road have had as guests for the last week his brother, Rev. Olive Cook, Mrs. Cook and children, Sandra, Marilyn, Keith and Joyce, from Messervey, La.

Mrs. Louis Rehm and daughter, Miss Connie Rehm, were here from New Orleans Monday to visit Mr. and Mrs. Ellis Cuevas.

The other side

Last week the Echo pointed out that the reason a Rural Electrification Administration was ever established had long since ceased to exist and that today REA is encouraging local co-ops to actively fight tax paying public utility power companies and is financing such fights with taxpayers' money. It is our opinion that REA has obviously outlived its usefulness and should be permitted to die and quickly.

On the other hand there is another side to the coin in this squabble between the co-ops and the public utilities. If, as we think, the co-ops have now grown up and should be weaned from some of the financial and other advantages they have enjoyed in the past, it follows also that they should be treated like adults. Contrary to their attitude toward each other, public power companies generally argue and fight for secondary roles for the co-ops. The public utilities respect the rights of each other to continue to serve an area, but do not accord the same territorial rights to co-ops. They argue that co-ops were set up to serve rural areas and that when an area ceases to be rural, then the utility should serve it even though the reason the area is no longer rural is because the co-op brought electricity to it.

One of the ways whereby the public power companies place co-ops at a disadvantage in this matter is through contracts for supplying the co-op with its electric power needs, since most co-ops have no electric generating facilities. These contracts, which are not subject to the usual regulations, frequently provide for a penalty rate to the co-op for all power the co-op furnishes a consumer using more than a specified amount. The idea back of this penalty is that the co-op should not have customers using lots of electricity because such customers are almost always industries and an industry is not part of a rural scene.

An extreme but obvious illustration of how this works occurred locally as a result of the MTO. Coast Electric Power Assn., a co-op buying its electric power under contract with Mississippi Power Company, had been serving the 125,000 acre area in Hancock County being acquired by NASA for the Mississippi Test Operation. It had almost 1,000 customers in this area. These are being supplanted by one user, MTO.

When the question of who would supply MTO with its electric power needs arose Mississippi Power Company offered to furnish the power needs of the government agency for approximately \$72,000 a month although the company would have to build the necessary transmission facilities to the government installation. Using the penalty clause for large consumers in its contract with Coast Electric the utility would charge the co-op \$96,000 a month for supplying the same amount of power at Bayou LaCrosse with the co-op to install the necessary transmission lines to the MTO site. Naturally Mississippi Power will serve MTO.

We don't think electric co-ops still need to be weaned by REA but we suggest that perhaps public utility dealings with co-ops may need regulation.

Uncle Sam's officials from MTO urged the board of supervisors to enter the mosquito control business and suggested a half mill levy for the purpose. Guess who controls a fourth of the county's area and pays no county taxes? You're right. It's Uncle Sam.

HOW-TO-GET-ELECTED DEPT.: Convince the voters you'll give Hancock County complete mosquito control.

Area promoters meet

Say L&N may build MTO spur

The possibility that the Louisville and Nashville Railroad may also construct a spur line to MTO was brought out in heavy style at Tuesday's meeting of the Area Promotion Committee of Hancock County Chamber of Commerce.

Committee member Fred Rose told the group that L and N's head has assured Frank T. Oakes, Business Service Co. official, that two men are being

sent here to determine the feasibility of constructing the line. The group took exception to some promotional material recently distributed by Picanine interests, including the Picanine item, because of fact distortions, and it was decided to write the Picanine item about the matter. In this connection Dix Ashman, who presided at the meeting, pointed to a story headed "Bay leads all area"

The budget also includes \$12,897 for transportation, \$1,000 for miscellaneous, and \$1,000 for interest on bonds.

commission. In it they sought an injunction requiring all elections for supervisor to be held at large until such time as the board of supervisors redistricted the county as required by law.

On Feb. 27 Chancellor William G. Hewes sustained a general demurrer to the petition for temporary injunction on the ground that the petitioners had not shown that their remedies at law, specifically a state law requiring an election on a redistricting plan 15-25 per cent of the voters petition the board of supervisors for one.

In Yugoslavia

We read where a proposed so-called compromise amendment to President Kennedy's "public accommodations" bill would exempt small businesses from being told what to do and whom to serve by the federal government.

And we are vividly reminded of an

explanation given us by a Yugoslavian scientist we met, to the effect that in Yugoslavia a man may own his own business as long as he has less than five employees. When he gets bigger than that the government takes over the business.

In Yugoslavia they call it Communism.

Installation of the equipment. The contract covers a two and one half year period and will be supervised by the Marshall Space Flight Center of which MTO is a part.

A \$2,163,238.20 contract was awarded Wednesday for a general purpose warehouse and site maintenance building, including a variety of shops. The contract went to Carpenter Bros. of Dallas, Tex.

The job also calls for construction of a wall pump house, 300,000 gallon elevated water storage tank, a fenced sewage lagoon, utility lines and pavement, all in the support area.

The warehouse, which will be of concrete and steel construction with a floor area of about 52,000 square feet, will contain controlled environmental areas and equipment for packaging, crating and preserving stored items. Work is expected to begin shortly and will be completed in July, 1964.

American Aviation Co., which will be one of the prime contractors at MTO, were here this week to inspect housing, communities and get a briefing on the site. They were Adm. Paul Abernathy, USN (ret.), administrative coordinator for MTO program control for the Saturn V S-11, from Downey, Calif., and William Reid from the test and operations office at Marshall Center.

The visitors lunched Tuesday with Bay St. Louis Mayor John Scalfese and Leo Seal, Jr., at Annie's in Henderson Point. Wednesday they went to Picanine.

Meanwhile Southern Bell Telephone Co. is installing a temporary switchboard until the main line is built to MTO and two operators have been assigned there. The new number is HOmestead 7-7511.

All-day event set
Little League teams will participate Sunday, July 21, in an all-day tournament at City Ball Park for the benefit of the league banquet fund.

Nellus Favre, in charge of the affair, said brackets will be drawn up this week. All eight loop teams will take part. Refreshments will be served.

appearing in the June 20 issue of the Sea Coast Echo which he said gave the true facts concerning the area's growth.

A clerical subcommittee composed of Revs. Charles Johnson, James Hanna and Emory Green was appointed to compile a list of newcomers to the area. The list will be made available to anyone wanting such information.

Mrs. Herman Mazorah gave an outline of a proposed poster contest to be open to any resident of Hancock County and the question of a full-time paid director for the Chamber of Commerce was again discussed.

LAWN CLINIC

Henry H. Smith, horticulturist from Mississippi State University, will be in charge of a special Lawn Clinic July 18 at 10 a.m. in the Agricultural Center Building.

claims that not only does the law of Mississippi require redistricting of Hancock County but also that the U. S. Supreme Court decision against improper legislative apportionment may be applied on the county level. Chairman Hewes did not rule on this.

By Roger Babson's staff How's business?

As indicated in this column last week, this economy closed the first half of 1963 with business under a full head of steam. The rate of industrial production reached a new all-time high; retail trade continued to trend upward to a new peak; and new construction and business capital expenditures were once again contributing positively to economic activity. But all that is in the past. Let us now scan the

horizon and assess prospects for the second half of the year.

The advance accord achieved amicably in the steel industry added a year and a half to the existing pact. More significantly, it removed the threat of a strike which could have curtailed industrial activity and consumer spending by late summer.

There still remain several shadows in the business picture. The most tangible of these is the possibility of a railroad tie-up. In all probability, however, a walkout here would be met with prompt government intervention, and a serious disruption does not appear likely. Another potential drag may crop up in the form of higher interest rates. This is not likely to be a serious danger for a while, since credit supplies are more than ample for current borrowing needs. A third factor, less readily assessable, is the social upheaval. There is no telling in advance how upsetting racial demonstrations will be on retail trade, residential building, etc.

On the basis of the powerful momentum which has propelled business so strongly upward in recent months, prospects are good for a satisfactory third quarter despite a pause in steel demand and a model changeover period for the auto industry. Expected further gains in expenditures for new construction and business capital outlays, plus a resurgence in government defense expenditures, should provide a firm foundation for the economy over the balance of the year. If general demand can keep up the brisk pace of recent months, the fourth quarter may well see an upturn in the trend of business.

ORDAIN SUNDAY

Six elders and six deacons will be ordained and installed at the 11 a.m. service at First Presbyterian Church Sunday.

Carl Anderson, Ed Calvin, C. M. Dossert, Harry Scharf, Ed Thomson, and Fred Phillips will be installed as elders. Deacons to be ordained and installed are Harold Cook, G. M. Canaga, Ronald George, John Middleton, Kirkland Rheams and Kenneth Teague.

GRAY GARDEN CHOSEN

The garden of Mr. and Mrs. R. P. Gray, 1346 North Beach, has been awarded Bay-Waveland Garden Club's garden of the month plaque for June. Mrs. Herbert Barea and Mrs. Frank Emery, Bay judges, cited low growing, bordered borders, tree-wall and garden garden in rear.

NO GROUND BREAKING

Dedication ceremonies, rather than a groundbreaking, in honor of the new terminal at the NASA's Mississippi Test Operation, reports information officer Mack Herring. Groundbreaking first was set for November 1962 and now probably will be a dedication in 1964.

KULM ROAD DETOUR

Paving of R. 600, Kilm Road, will force its closing from Bayou LaCrosse to Kilm for at least the next week until soil cement base is completed. Final paving will take traffic only a few minutes later on, according to C. D. Caraway, project engineer for Highway Department.

NEW I-59 STRIP OPENS

A new 2.5 mile stretch of Interstate 59 south of the Mississippi state line in St. Tammany Parish, La., opened July 1. Built at a cost of \$2,000,000, it lengthens the 2.5 miles opened last year from the Pearl River Bridge. Connection is with U. S. 11 for travelers to continue to New Orleans.

Calling chaperones Our Readers Write

Editor, Sea Coast Echo:
The Clermont-Lakeshore Youth Center, a private, non-profit making organization was organized 27 months ago to provide supervised entertainment for the youth of the surrounding area.

Though the efforts of all interested persons, sufficient money was raised to make our plans a reality. Financially we have been a great success.

To operate our organization properly, it has been necessary to have at least three volunteer chaperones for each event. Since organized we have had approximately 130 socials. This means

we needed at least 390 volunteer adults chaperones.

We organized to keep our children and yours, out of places where alcoholic beverages are sold and gambling devices, such as pin-ball machines are operated and pay off, to prevent gang fights, eliminate parking in cars and to keep them off dangerous highways. Our aim is to continue to give them wholesome entertainment.

We hope to keep our organization going, but we must have adults to assist as chaperones. We have appealed to the youth members of the center to get their parents to attend as chaperones, but have had very little success.

We are hoping through this means to reach the parents to let them know of our needs for chaperones. Residents, visitors, youth and adults of the community may attend and become members. Membership is \$1.

We would like to extend a personal invitation to all persons interested in our youth, adults and teen-agers to attend a meeting Saturday, July 13, 8 p.m. at the center, at Forrest St. in Clermont Harbor.

Sincerely Yours,
JOYCE GARCIA, President
GLORIA PETERSON, V. President.

Enclosed is a tribute to Mrs. Carl Smith.

A finer person, we have not found.
A more true friend, finer teacher, not ever.

The attention given to your classes
Instilled sedateness not to be lost, never.

Enjoyment of teaching, not just songs
But refinement, loyalty and love.

Each note following still in the air,
Conveying things learned from above.

"Honor and Praise" be yours, always
From ALL of your Students, now friends, if we may.

Wishing you continued good health and happiness on this year proud 70th year,
Happy Birthday.

Arceneaux family takes Jaycee reins

It is a family affair when the Jaycee's annual installation ceremony and dance at 8 p.m. Sunday, July 20, at Diamond Marie's Bayside Country Restaurant, Andre Arceneaux will take over as Jaycee president while Mrs. Arceneaux will be the Jaycee's office as the Jaycee's.

San Cooper, secretary, Joe Kersanac, treasurer, Lee Choppin, state director, and Dr. John Levens, Tom Logan, Bert Stieffel, J. C. Koenen, Norvin Kelly, Ed Fayard, Ed McCrystal, and Bill Richards, directors.

Other new Jaycee officers are Mrs. James Heverling, Mrs. Frank Hille, vice-president, Mrs. Marcel Anderson, secretary, Mrs. William Breland, treasurer, and Mrs. Joseph Kernanac, Mrs. John Levens, Mrs. Bill Richards, and Mrs. Mike Haas, directors.

Rev. Denis Harlow of Our Lady of the Gulf Catholic Church will give the invocation and the benediction. A dish that has made famous Diamond Jim Moran and his La Louisiane of New Orleans will be served. Tickets are available from banquet chairman Lee Choppin, 467-5677, or from any Jaycee member.

Beat 3 roads...

(Cont. from Page 1.)

although he had submitted the necessary performance bond, Johnson's partner in the business is Harvey Roberts of Chalmette, La.

Johnson said the board suggested if he got the bid he would have to withdraw as a candidate for Beat 5 supervisor since the job could not be completed by Jan. 1 and in case he was elected, he could not do county work while serving on the board. He added he had been aware of that fact in submitting his bid.

In other action during the afternoon on Dean's motion, seconded by Lovinghouse, the board voted to break its agricultural lease of a 10th Section tract in Beat 1 with Russell Mitchell on the grounds he has permitted timber to be cut without proper authorization.

(Cont. from Page 1.) was turned down since the big event in Gulfport was already half over. Briefly discussed with no action taken was a suggestion the town might consider making a contribution to the Hancock County Blood Bank, whose finances are critically low after ten years without a money raising campaign.

Town Clerk C. O. Dufour again brought up the question of the town selling a 60 by 150 foot lot on Dogwood Avenue for \$50, and again the mayor and aldermen said the amount was too little. The town bought the property in a tax sale in 1949, when the owner apparently didn't know taxes should be paid. Waveland County taxes have continued to be paid by Dufour. The sale, if made by the town would be to the owner from whom the town acquired the lot, presently estimated to be worth \$1,800, for \$1.89.

Hospital trustees award supply bids

Routine business occupied the Hancock General Hospital board at an abbreviated meeting Tuesday night, with most of the time spent in checking June expenses and in accepting bids for supplies for the coming year.

Payment of doctor numbers 1 through 96, amounting to \$11,985.12 for June expenses as compared with \$7,372.68 last year was approved. This is in addition to the June payroll of \$13,496.85 up from \$10,891.02 a year ago. While the average

Sailboat mishap averted

The summer season's first threat of a water disaster was averted Monday afternoon when a small sailboat was finally tied up at the railroad bridge and its occupants climbed to safety at the height of a heavy shower.

Arriving at the scene after all were safe were Chief Deputy Sheriff Gerald V. Price, Jr., and Bernie Piazza of the water rescue auxiliary force in Piazza's outboard boat and took the sailboat to safety at Bay-Waveland Yacht Club.

According to Price, Charles C. Piper of New Orleans, who is vacationing at 1409 Dunbar Ave., and his son, Glenn, 14, set out from Municipal Pier. They got as far as the highway bridge when the storm blew up and Glenn managed to climb off there. His father dived back to the railroad bridge, finally managed to secure the craft and got off.

Meanwhile the highway bridge tender noted the situation and called the sheriff's office. Piper made it across the railroad trestle to Henderson Point and his wife picked him up there while a drenched son dried out at home.

Politicos...

(Cont. from Page 1.) He was at Kiln on Wednesday of last week to make a speech only to find out that he was expected there on Aug. 3 and not July 3. Indications are that he will return for the Aug. 3 rally at the Farm Bureau.

Meanwhile Circuit Clerk and County Registrar Lamar Odis did a booming business Saturday registering new voters on the final date to qualify in order to vote Aug. 6. Before closing his office at noon he signed up 33 new ones and took two transfers. Odis figures a final count on the number of qualified voters should be ready in about two weeks.

Absentee ballots for members of the armed forces should be ready in the next day or so, Odis continued, and he will mail the forms to those service personnel whose addresses are left with him. Two separate sets of ballots go out, one for the first primary and the other for the second. The absent voter then sends his marked ballot in a sealed envelope back to a person voting in his precinct to deposit it on primary day with the election managers.

ELECTRICITY

MAKES THE DIFFERENCE

THE GOOD OLD DAYS are here right now for people with all-electric kitchens. Modern electric kitchens take the drudgery out of meal preparation.

Mom has plenty of light while she plans the meals she will cook on her automatic electric range. And she can be assured of abundant room in her spacious refrigerator-freezer for ample supplies of both fresh and frozen foods.

After the meal is complete, a handy electric dishwasher will wash her dishes spotlessly clean at the simple turn of a dial.

Sound inviting? Then you'd better check your kitchen to see if it needs that electric touch. Call or go by the Mississippi Power Company for assistance without cost or obligation.

Mrs. Phillips hosts Presbyterian women

Mrs. Fred Phillips entertained the morning circle of the Women of First Presbyterian Church at her home on Felicita Street last week. Mrs. Max Campbell presided over the session with a prayer and Mrs. Erich Muehl, vacation Bible school chairman, discussed final plans for that project which start Monday. Commencement will be Friday, July 19.

Mrs. Carl Anderson, Jr., Bible moderator, led the lesson on "The King Arranges His Departure from Matthew 26:17-30. Mrs. Ed Thomson will have the August meeting.

Others present were Mesdames Ed Calvin, Richard Rickle, Norman Renshaw, Winthrop Baker, George Prewitt, John Landon, Harry Scharf, Walker C. Russo and Mary Moot of New Orleans, a visitor.

A REAL WOODEN SHOE - Else Marja Willemsen, here with Egberdina Symons from the Netherlands on 10-day visit to Gulf Pines Girl Scout Council, entertains local scouts with songs, stories and exhibits from their country at reception for visitors Monday. From left are Mrs. C. McDonald, Jeannie Hill, Miss Symons, Miss Willemsen, Mrs. Jesse Gaudet and Mrs. Mansell Hill.

DUTCH DRAWERS? - Egberdina Symons, senior Girl Scout from the Netherlands, displays this piece of apparel typical in her homeland during visit with local scouts at Our Lady of the Gulf parish hall Monday afternoon. 120 acres added to conservation program in June

A total of 120 new acres were added during June to the Soil Conservation District program and 473 acres were revised to include soil and water conservation planning on each acre of land by the individual owner.

New cooperators are Duovyan Cuevas and F. A. Tribble of Standard; Paul R. Fincher, Leetown, and Roy Jones, Rocky Hill. Revising their program were Ted Shaw of Necaise Crossing and Oswald Moran of Catahoula.

There are 711 farm units in Hancock County that need conservation practices planned and carried out by applying on the land to best use. This covers 278,439 acres. Of these units 494 comprising 84,735 acres have some conservation practices

Garland Lee is on Army firing team

Army Sgt. Garland M. Lee, 29, son of Mrs. Ethel Lee, Rt. 3, Picayune, is a member of the 24th Infantry Division's small arms team which won the U. S. Army, Europe, (USAREUR) championship in Germany in late May.

The division team will represent USAREUR in the NATO Prix LeClerc matches in Berlin in August.

Lee, assigned to the division's 1st Battalion, 21st Infantry in Germany, entered the Army in 1949 and arrived overseas on this tour of duty in December 1960. He is a graduate of McNell High School. His wife, Evelyn, is with him in Germany.

Local anglers show 'em how

Hancock County anglers captured the lion's share of the spotlight in last week's 15th annual Mississippi Deep-Sea Fishing Rodeo. The rodeo, as usual a big success, drew contestants from all over the South as out-of-staters claimed top catches in one-third of the various divisions.

New records were established in five divisions and local favorites set two of the marks. The rodeo opened July 4 and closed Sunday.

Buck Ladner, Clermont Harbor, nabbed a 19 pound-one ounce tripletail (blackfish), largest caught in the 15-year history of the rodeo. Actually, the catch was only two pounds, four ounces off the world's record for blackfish. Ironically, the old record belonged to another Hancock Countyman, Robert Maloney of Waveland, set in 1960. Ladner also had the second best blackfish, four pounds 10 1/2 ounces.

H. Lee Ferrell, Waveland, was the other record setter and also won in convincing fashion. Ferrell came up with a seven pound-two ounce flounder. Next-best flounder entered was almost one-and-one-half pounds smaller.

Camille Schoeder, Jack Kramer and son Johnny, on leave from the Army, and Jimmy Glemston ventured to Half Moon over the weekend and came home loaded. The quartet landed 105 pounds of speckled trout, and plenty of channel mullets, croakers, and grey trout (better known as catfish).

If you're planning on doing some fishing pretty soon, there's no time like the present. Fishermen have been lined up from Nicholson Avenue to Bayou Cade every morning and aren't gain' home disappointed. Western near Jackson Ridge are also meeting success with regularity.

From what we understand, live bait and chum rigs are about the best bets for bait right now. Seems to be lots of speck and red fish biting.

Irish back into top slot

Trapp's Knock-Knock has registered first place in the Bay St. Louis League, with an outing from Catholic Youth Organization and Reineke's Dirt Diggers. The latter two handed Southern Realty upset losses within the same week and knocked Southern from the lead. Tomorrow's contest will wind up three-quarters of the season, one which remarkably has not been marred once by postponements due to rain.

The Traps haven't an easy week, however, and could easily be out of first come Friday. Last night, Trapp faced unpredictable CYO and tomorrow red-hot Reineke, now in the third spot, challenges the Traps. Also, local fans can already look forward to the final game of the season July 29 pitting Southern Realty and Trapp.

Team standings: Lee's Plumbing 22, 10; Trapp 21, 11; Bordages Shipyard 20, 12; Dave McDonald 17, 15; Town and Country 8 1/2, 9 1/2; Haverly 7 1/2, 24 1/2; High team, series, Trapp 1909; single Dave McDonald 671; high individual, series, Grace Bordages 495, Anne Horn 415, Myri Lafontaine 410; single, Bordages 183, 159, Horn 154.

WHICH ONE'S THE BEAUTY? - This record breaking tripletail, which Buck Ladner of Clermont Harbor weighed in at 19 pounds, one ounce at Mississippi Deep Sea Fishing Rodeo last weekend, shares spotlight with Miss Universe of 1963, Norma Beattie Nelson.

Statistically, Trapp, Southern Realty and Reineke are clearly the "big three". The Traps are first offensively with 9.9 runs per game, followed by Reineke 8.4 and Southern 8.2. They are followed in order by Roland Signs 6.9, CYO 6.7, Kramkey 5.9, Industrial Encumling 5.8, and Kilm Youth Center 5.0.

Defensive-wise, Southern Realty's 4.36 runs allowed per outing is a shade better than Reineke's 4.60. Trapp has given up 6.2, Industrial 6.4, CYO 6.5, Roland Signs 7.8, Kilm Youth Center 9.8 and Kramkey 10.8 per contest.

Industrial, CYO, and Kramkey are all in position to challenge for one of four playoff positions and there's still a long way to go. Industrial has won four of their last five, Kramkey has topped four of six, and CYO went into last night's Trapp game with two consecutive wins. You never know!

Price of fame?

Ernest Spence in the talk of Pass Isles Golf Course lately. Seems he broke 80 last week for the first time, and celebrated by buying new sets of irons and woods and a new golf bag. As things happen, next time on the links at a Par 3 course, two of his expensive irons turned up missing. Souvenirs of a pro!

We've been asked to announce that no spectators at City Ball Park are to sit or stand on the top railing of the stands. Better head this advice because if it heeps up, somebody's gonna get hurt bad and it could easily be an innocent person. There is just as good a view from the stands.

Americans tennis still on the downswing? In the Wimbledon Championships in England, top net tourney of the year, Americans won or shared two of the five crowns and were finalists in two of the other three. Sounds good to us!

On top this Sunday is the annual St. Stanislaus Sidelines Club Motorboat Regatta. First race is to begin at 12 noon at the end of North Beach. Officials believe this year's will be the biggest and best ever.

A WINNER'S SPOILS - Lee Ferrell and daughter, Jackie, display outboard motor he won in Deep Sea Rodeo at Gulfport last weekend with record sized flounder caught on successful evening off the seawall. Ferrell also missed it as lamp crashed into water but he quickly got another lantern and returned to scene.

SSC speedboat regatta entry list tops 60

Drivers from Texas to Florida are entered in the annual St. Stanislaus Sidelines Club Speedboat Regatta Sunday at the end of North Beach Boulevard.

Over 60 boats have been entered in the competition which annually attracts some of the South's top speedboat enthusiasts.

The first race is slated to begin at 12 noon. From the list of entrants, it is expected that this year regatta will be the biggest in the three-year history of the regatta. This year for the first time winners will be rewarded with cash prizes.

As Mississippi . . . As Magnolias

Patriotic Mississippians consider "name-calling" and deliberate distortion of facts by Boston and New York controlled companies in poor taste.

As home owned, home operated Mississippi Corporations, the Electric Power Associations in this state are keenly aware of the dangers of socialism which exist today. We stand in the front line of battle to do combat with those who would destroy the American way of life.

Based upon true democratic ideals and the basic principals of free enterprise, these systems are owned and operated by nearly a million Mississippians. Each family, farm or business served by an Electric Power Association owns a share of it. Each system is a Mississippi Corporation.

The member-owners of these Electric Power Associations elect their own boards of directors from among themselves to conduct the business affairs of their corporation. The owner-members and their directors are farmers, merchants, businessmen, teachers, preachers . . . all Mississippians, all Americans. They are interested in and concerned with local, state and national problems. They are vitally interested in keeping America free, and are dedicated to the principal of local, self government. They are the typical . . . the "average" Mississippian.

Why do we make such an obvious statement? Because there are those who, for personal profit reasons, would have you believe otherwise. When private power companies make their unwarranted, unreasonable charges based on half truths, untruths and twisted, distorted facts, they are violating the principals of common decency which every Mississippian holds dear.

Because of the very nature of our formation and operation, we ARE the people we serve. Our critics, by contrast, are owned and controlled by directors and financiers in Boston and New York. When these out-of-state people condemn Mississippi's Electric Power Associations, they are condemning almost a million Mississippi people - and institutions which are as Mississippi as Magnolia Blossoms.

Attacks on EPAs are made by companies which, in violation of the basic principals of the free enterprise system, seek to annihilate all forms of competition.

Joe Schultz's home run in the last half of the fifth and final game of the Junior League action on Friday night. Games played on Wednesday and Monday were postponed due to rain and will be played later.

Hitting safely for the lawmen were Schultz, Orville Ferrell with two singles, and Carlar with one single. John Heath and Lewis Wagner rapped one-base blows for Coast Electric.

Ferrell and T. Ryan did the pinching for the Junior Sheriffs while Dwyer Comprezz was the losing moundman.

Mollere nips Moran to regain 1st tie

Mollere Realty upset Moran 12-11 in the game of the year Sunday night in Women's Softball Play and moved back into a tie with Moran for the top spot. OLG moved even with Jerome in the battle for third place, scoring seven runs in the final inning to win the nightcap 13-10.

Mollere scored the winning run in the ninth inning of a six-inning scheduled contest after a see-saw battle in regulation play. Singles by Millie Usher and Carolyn Scarborough and a double by Marie Pierce accounted for the ninth inning tally.

Moran grabbed a 4-2 advantage in the first inning but Mollere knotted things in the fourth and went ahead 7-4 in the fifth. Moran marked five times in their fifth, however, and went into the last scheduled inning with a 9-7 lead. Mollere then scored three times to regain the lead only to watch as Moran scored to once again even things. Both teams scored once in the seventh and went scoreless in the eighth and after Mollere pushed across a run in the top of the ninth, Moran put the tying run on base but couldn't push it across.

Henrietta Wesovich closed a home run and was 4-5 for Mol-

lere Realty with the bat. Made-

line Moran was 4-5 and Beverly

Lopez 3-5 including a home run

for Moran. Dale Sellier was the

winner on the mound and Bertie

Faye Neale the loser.

Jerome took a 10-6 lead into

the final inning of Sunday's other

game, but OLG rallied to pull the

game out of the fire.

Mitzi Blache was 3-4 with a

four-bagger for the winners and

Geraldine Kidd also hit for the

circuits. Melva Luke was the win-

ning pitcher and Elaine Miller

took the defeat.

Thursday's Fourth of July

doubleheader was postponed due

to a ruling prohibiting teams

from playing on that date, and

will be rescheduled after com-

pletion of the season.

Tonight's twin bill will start

at 8 with OLG playing Moran.

Jerome and Mollere Realty will

collide in the nightcap, Sunday,

it'll be Mollere vs. OLG and

Jerome vs. Moran.

Traps take lead

Realty, Roland are Reinike's victims

On-charging Reinike and Industrial Rambling romped to victories Monday night in Bay Softball League play at City Ball Park. Reinike trounced slumping Roland Signs 15-3 before Industrial staged off a late

Krankey rally for an 11-9 victory in the second game.

Roland dropped its seventh

defeat in eight games, committing

11 errors in the process.

Dave Richards sparked Reinike

with three hits in four batters while

Boo Noto and Jim Mayfield were

2-3 in the losing cause. Billy

Osborne was the winning pitcher

and Louis Ladner the loser.

Krankey, down 11-5 in the

final inning, put five men on base

to start their seventh frame be-

fore bowing to Industrial. Arnold

and Fred Scarborough were 2-3

at the plate for Industrial but Bob

Hinks of Krankey was the game's

hitting hero with four hits in as

many batters including a home run.

Bennie McCollister was 3-4 for

Krankey. Red Davis was the win-

ner on the mound and Bruce

Faye took the defeat.

Reinike topped Southern

Realty 10-7 in Friday play, push-

ing the losers into second place.

J. V. Morreale, Gene Tarzetti,

and Carl Halverston all collected

three hits in four batters for the

Dirt Diggers, while W. J. Came-

ron was 3-3 for Southern Realty.

Billy McDonald pitched the up-

set victory and Don Caldwell took

the loss.

CYO scored an unearned run

in the sixth inning to squeak

past Klyn Youth Center 10-9 in

Friday's other contest. Leroy

Luke was 3-4 for CYO and Alvin

Ladner 3-3 for Klyn. Alvin Lad-

ner was the winning hurler and

Alton Ladner the loser.

League leading Trapani edged

Industrial 6-4 Wednesday behind

a balanced hitting attack. Henry Mont, Billy Murphy, Lolla Parker and Herman Yarbrough all were 2-3 for Trapani and Carlos Young and Pete Kowalski sported the same marks for Industrial. Gene Rogers was the winning moundman and Everett Neelace the loser.

Krankey whipped Roland 9-4 in Wednesday's finale. Hinks was 3-4 and Leslie Blaise 2-3 for Krankey while Bert Taylor, Ronnie Maurigi, and Milton Bernard all went 2-3 in a losing cause. Going the route on the hill for the win was Bruce Faye with Louis Ladner taking the defeat.

Tomorrow, beginning at 8 p.m., it'll be Krankey vs. Southern Realty and the big battle between Reinike and Trapani. Monday, Industrial meets Klyn Youth Center and Roland Signs plays CYO. Wednesday, it'll be Krankey vs. CYO and Southern Realty vs. Industrial.

File suit taking MTO acreage

A judgment on declaration of taking 481.34 acres in Mississippi Test Operations' fee and better access has been signed by U. S. District Judge Sidney Mize and filed in the chancery clerk's office here.

The federal government deposited \$187,710 in the registry of the court pending final disposition of the case.

Two tracts are sought in fee simple; 7.80 acres, G. C. Dawsey, Earl Holden and Willie Hoyer, trustees of Logtown Cemetery.

proposal could be sub-divided only with a minimum lot size of 100 by 150 feet, while a sub-division on one side of his property had a lot size of 50 by 100 feet and on the other the lot size was either that or less.

NOLAN S. LADNER

Candidate For

JP POST 2

TO THE CITIZENS OF BEAT FIVE, HANCOCK COUNTY, MISSISSIPPI:

I take this opportunity to make my official announcement as a candidate for the office of Justice of the Peace, Post Number 2, Beat Five, Hancock County, subject to the Democratic Primaries to be held in August of this year.

Most of you, I believe, know me personally, since I served you as Justice of the Peace in this Beat, during the years 1956-1959, inclusive, and more recently have been serving in this County as your Game Warden, under appointment by the Mississippi Fish and Game Commission. I am fifty two years of age, and have lived in Bay Saint Louis all of my life. I am married and have three children; my wife was formerly Ethel Strahan of Pearlinton, Mississippi.

In offering myself as a candidate for this office, I do not claim to be able to create a perfect community overnight, nor do I claim that I can immediately turn all of our young people into outstanding examples of propriety; but I do say that as the father of three children, I am fully aware of the problems of the young people of this community, and I will endeavor in every way to assist in solving these problems. All cases of any kind which come before me will be given prompt and courteous consideration, and I will in every case deal justly and fairly between the parties involved. I will, if elected, cooperate fully with all other law enforcement officers in this County and Beat.

In making the above statements, I feel that they are fully justified by my record of service in this office in prior years, and by my record as law enforcement officer for the Fish and Game Commission, the position which I held until my recent resignation from that office.

If you see fit to elect me to this office, I assure you that during my term of office, I will devote my time and efforts to any problem that you see fit to consult me about, and will give you all the assistance in my power.

I would like to call your attention to the fact that there are two justices of the Peace for this Beat, one of whom serves in Post Number 1, and one of whom serves in Post Number 2. The reason for calling this to your attention is that this is the first election to be held under the new law which requires all justices of the Peace to be elected by the voters of the Beat in which they serve. This is the first time that the voters of Beat Five have had a chance to elect their justice of the Peace.

solidated School, and .53 acres, Sec. 19, Jay Warren.
Perpetual easements are sought on the other five tracts involved: 320 acres, 16th Section in Twp. 8-16; 44.50 acres and 1.25 acres, both of Howard J. Willis and Ray R. Willis in Bogie Home Heights; 50 acres of Zora Miller Patton, and 57.26 acres of Bernice O. Piggott.
